

Welcome to CMT - Case Management Tool

Case Function

Data valid through the end of: January, 2016

Payment data valid through: March 05, 2016

Query results provide a breakdown of your caseload into the 15 functions within CSE. The data returned in each query is pulled from the prior month's data repository extract.

Case Assignment Filters (Required)

County Name: Branch Name:
Team Name: Worker Name:
